

Madison Ill.

Dec. 15 - 1910.

Dear Father.

I hope you are better and will soon be able to get about and one thing you must do is not give up. I know what it is to be sick, and in a good many cases a little grit goes a long ways in helping one to get well.

I guess Chas. will get to come home and stay for a month or so. that is if he can get a job so he can help you get along he is not doing any thing

Z

at presant I hope when
you get well that you
will not go back to work
on that waggon for if it
payed any wages it is no
kind of a job for you for you
get around in company
that will want you to
take a drink once in a while
and you know that will
not do you or any one
else any good I wish it was
so that you would not have
to go to work any more. I
hope it will not be long
before I can be some help

3

to you I hope I can get a
job that I can make some
money as I am worried
to think how you have got
to live and get along, I will
try ~~and get~~ to come home
some time after Christmas
will close.

Your Son

Win

P.S. Mildred answer this as
soon as you get it.
